

Sports Funding 2016-2017 – Review of Spend

At Caldey Lea Primary School, we understand that through Sport and PE, pupils develop invaluable qualities such as discipline, teamwork, communication, endurance and ambition. These qualities enhance children's learning both in and out of the classroom.

At Caldey Lea our vision for Sport and PE includes:

- ✓ A commitment to equipping every child with the necessary skills and confidence to lead a healthy lifestyle
- ✓ Providing children with a high quantity and quality of sports through lessons and after-school clubs
- ✓ Opportunities for inter school competition in football, netball and multi-skills sports
- ✓ Opportunities for intra school sporting competitions and other events
- ✓ Greater exposure to a wide range of sporting activities that children might not otherwise experience
- ✓ Raising the numbers of children participating in sporting activities
- ✓ Ensuring that every child has an equal opportunity to take part in PE and Sport in a manner to suit their ability.

We provide a minimum of 2 hours of sporting activity a week – made up of P.E lessons, lunchtime, after-school clubs, sporting trips and participation in competitions (all of which increase pupil participation in sporting activities).

Within P.E provision we are also promoting healthy lifestyle choices and the core values of confidence, team work, resilience, and positive attitude.

Through cross curricular lessons we are also developing a greater awareness of obesity, smoking, drugs and other harmful activities, which could have a detrimental effect upon health and well-being.

In Year 3 and 4 every child also has the opportunity to attend weekly swimming lessons for 10 weeks with well-trained swimming staff at a local swimming pool.

In year 5 and 6, pupils have had the opportunity to attend 2 outdoor residential.

For Year 6, specialist 'Bikeability' trainers attend school every year to prepare pupils with the skills to travel safely by bicycle and in a healthy way with confidence and independence.

In summary, the Sports Funding Allocation has allowed us to engage all pupils in regular physical activity and educate them about healthy lifestyles. It has also allowed us to provide children with a wide breadth of experiences they might not otherwise have had the opportunity to participate in.
